April 10, 2019

Dear Friends and Colleagues:

February 2020 will mark the 75th anniversary of the of the The Battle of Iwo Jima (19 February – 26 March 1945) in which the United States Marine Corps landed on and eventually captured the island of Iwo Jima, from the Japanese Imperial Army, after five weeks of some of the fiercest and bloodiest fighting of World War II.

To help commemorate the anniversary, the Iwo Jima Association of America, Inc. (IJAA) has entered into an agreement with Faircount to produce a special 75th-anniversary publication. We expect that this publication will be of wide interest and used ahead of and throughout the anniversary year.

The IJAA looks forward to working with Faircount on this special commemorative magazine. Please call Robin Jobson at 813 675-3830 if you have any questions concerning participation as a partner or to learn more about the publication.

Sincerely,

A handwritten signature in cursive script that reads "Raul Sifuentes".

LtCol Raul "Art" Sifuentes, USMC (Retired)

Executive Director
